PIC1010WP High Definition Dual Lens Pan/Tilt Wireless IP Camera

The **PROLINK® PIC1010WP** True Plug & Play Pan/Tilt Wireless IP Camera is an easy to set up IP Camera with no complicated router settings or network configurations. Its' High Definition Megapixel camera coupled with Dual-lens automatic day/ night switching, will definitely give you high quality images for crisp and clear live video monitoring through day and night, whether on LiveView software and/ or the smartphone application.

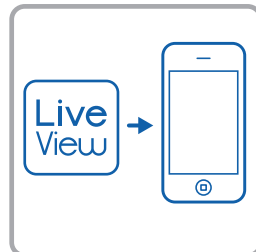

With the built-in MicroSD card slot, your videos can also be stored and playback easily. In addition, **PIC1010WP** allows time lapse recording on the SD card. The **PIC1010WP** also comes with multiple detection technologies for maximum monitoring effectiveness in minimizing false detections under different circumstances.

As Easy As 1-2-3 Setup

1. Connect To Router

Connect the camera to the router through wired or use one touch WiFi security setup (WPS) for wireless connection

2. Download Apps To Mobile/Tablet

Mobile Access (Android & iOS):
Install the free application mLiveView/mLiveViewPro on your smartphones/ tablets

PC Viewing (Windows):
Install LiveView software from CD (provided in the Setup CD)

3. Scan QR Code To Add Camera

Scan the QR code to add camera.

Specifications

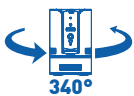

Processor	RISC CPU, hardware video processing and compression
Interfaces	RJ-45 Ethernet 10/100Mbps, Auto-Negotiation (MDIX) Wireless IEEE 802.11b/g/n with WPS button
WiFi Standard	2.4-2.483GHz Frequency, Max 20dBm Output Power
Max. Connection	Up to 36 cameras and 20 unicast users simultaneously (depending on video settings)
Recording	Built-in Micro-SD slot (up to 128GB); Direct recording to NAS Storage, Dropbox, PC or Mobile
Image Sensor	RGB MegaPixel 1/4 inch CMOS; Automatic Exposure/ White Balance/ Gain/ Brightness control
Light Sensitivity	0.2 Lux (IR LED off); 0 Lux (with 10 meters IR LED on); Automatically turn on the IR LED in low light environment
Lens	3.3mm; F2.8; Viewing angle: 70°; Fixed iris; Focus range: 50cm to infinity
Pan/Tilt Control	Pan viewing range: 340° [-170°~170°]; Tilt viewing range 130° [-40°~90°]
Buttons	Factory default reset; WiFi security setup (WPS)
Indicators	LED indication for Internet connection, Ethernet connection and SD card recording
Video	H.264 (MPEG-4 AVC) compression; Max. Resolution HD 1280 x 800 at 30fps
Audio	Built-in microphone for audio monitoring; Built-in 0.5W speaker for alarm and 2-way communication; Audio compression G.711
Alert And Monitoring Mechanisms	Motion detection, Sound detection; Notification via Email; Push notification on IOS and Android devices
Physical Specifications	Dimensions – 117(H) x 80(W) x 75(D) mm; Weight – 280g (camera body only)
Package Contents	IP Camera; Mounting Bracket; Power Adapter; Ethernet Cable; Quick Installation Guide (QIG); Setup CD; ID/Password Card;

Key Features & Benefits

HD

High Definition Megapixel

High Definition resolution 1280 x 800 at 30fps. Support the latest H.264 technology in video compression.

Pan/Tilt

Motorized Pan/Tilt functions dramatically improves surveillance area.

Dual Lens (Day and Night vision)

Equipped with auto switching dual lens and image sensors for clearer visuals. One specially tuned for day-time and the other for night-time.

2-Way Audio Communication (Built-in Microphone and Speaker)

With built-in Microphone and Speaker, you can now communicate with your loved ones wherever you are.

Time-Lapse Video Recording

Capturing days or weeks' worth of video and replay in only a few minutes.

Advanced Alarm Detection Technology

Motion detection – Detects moving objects such as human, vehicles, etc.
Sound detection – Detects sound activity out of the camera's viewing angle, such as glass breaking, etc.

Push Notification Alert

Any alert triggered by Motion or Sound can be pushed to your mobile devices instantly.

Multiple Recording Methods

Record directly to Dropbox cloud storage, MicroSD card, NAS storage, PC or even on your mobile.
(All media storages to be purchased separately.)

Extra Long Power Cord

3 meter long power cord for ease of installation.
