PMW6001

2.4GHz Wireless Optical Mouse

The **PROLINK PMW6001 2.4 GHz Wireless Optical Mouse** is a comfortably sized yet reliable wireless mouse, suitable for use at home and at the office. The nano receiver removes the need for messy cables and it even comes with an energy saving feature to improve battery usage. One AA battery is all it needs to operate efficiently, saving on your cost and reducing impact on the environment.

The **PMW6001** also comes with precision scrolling, to give you greater accuracy and ease when scrolling through documents. Its ergonomic design will give you greater comfort when using it over an extended period of time.

Reliability is further enhanced with its 10 meters, 360 degrees working range, giving you the flexibility to work at a comfortable range.

It's not hard to find something which suits you as it comes with 5 different colours for you to choose from.

Black

Blue

Red

Slate

White

Power saving

- Automatically switches to stand-by or sleep mode to conserve power.
- Comes with an On/Off switch for you to save on power when not in use.

Nano receiver

- Its tiny size allows you to plug into your laptop or computer and forget about it.
- Small enough to be stored in the mouse itself for convenience of bringing it around.

Precision scrolling

- Scroll through documents accurately with ease.

10 meters operating range

- Good wireless range for better wireless reliability.

Colours available

- Comes in 5 different colours: black, blue, red, slate and white for you to choose from.
