## 2.4GHz Wireless Optical Mouse

Your Inspirations.  
Our Innovations.

**PROLiNK® PMW6005 2.4GHz Wireless Optical Mouse** is designed to provide reliability and efficiency for users. The advanced 2.4GHz wireless anti-interference technology ensures a reliable working distance of up to 10 meters without delays or dropouts.

The mouse also comes with useful features such as the near-frictionless scroll wheel that can be used to browse through long documents at hyper-speed. You can also choose to adjust to their preferred mouse sensitivity with the convenient DPI switch button.

Users will never have to worry of replacing the battery frequently, as the mouse comes with power-saving mode that reduces power consumption allowing it to last an incredible 12 months!

**PROLiNK® PMW6005** is the ideal companion for your PC or laptop for everyday work that requires efficiency and reliable performance.
