4-in-1 USB3.0 Hub/ Quick Charger and Notebook Adapter Combo

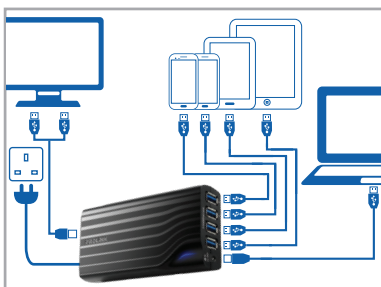

PROLiNK[®] PROBRICK+ 4-in-1 USB3.0 Hub/ Quick Charger and Notebook Adapter Combo is a powerful, compact and lightweight device that is great for travelers and people constantly on the move.

The unique device is able to support up to 5V/16A (80W) of maximum output power when drawing power from both the AC power cord and USB V-Cable. This allows users to charge both their notebook plus charge and sync 4 heavy-duty USB3.0 powered devices easily with just one adapter.

The device also comes with “IntelliSense” technology which allows the efficient matching of amperage requirements to connected USB devices. In addition, it is designed with reliable protection against over voltage, over current, short circuit and over temperature to prevent connected devices from damaging.

The **PROBRICK+** is a convenient all-in-1 charging hub that allows users to charge their notebook and devices while transferring large data files in a fast and efficient way.

4 x USB3.0 Fast Charging Ports

- Fully compliant with USB 3.0 specifications.
