PWP106G

2.4 GHz Wireless Presenter with Green Laser

The **PROLiNK® PWP106G** Wireless Presenter comes with a high-precision green laser and a set of simple-to-use presenter controls.

Using an Advanced Green Laser technology, the **PROLiNK® PWP106G** makes it possible for you to pinpoint whatever that is important in a brightly lit environment, without losing the brightness of the beam.

In the hand, the **PROLiNK® PWP106G** is light and bears a physical resemblance to a fountain pen, making it much easier to bring around or even to keep in a shirt pocket.

With the **PROLiNK® PWP106G**, users can expect longer-battery life of up to 6 months#! That said, whether you are a student, educator or a working professional, the **PROLiNK® PWP106G** is definitely a product that you can always rely on.

Ultra-Bright Green Laser

Captivate your audience and hold their attention indefinitely with the high-precision green laser (3X brighter than standard red lasers).

On/Off Switch

Prevent accidental usage of device and drainage of battery consumption.

Effective Operating Range

Extended operating range up to 100-feet and enjoy greater freedom to move around the stage.

Simplified Presentation Control

Convenient two-button design that makes presentation control easy for the user.

Longer Battery Life

Battery Life up to 6 months#. Simple Green light indicator to warn you for low battery status.

USB Wireless Receiver

No more hassle for software installation. Simply plug the receiver into a USB port when in use or store it in the storage compartment when done.
